- ★ Paul Gordon is a full-time Professional Magician and Entertainer. His Magic is Close-up; ideal for Entertaining at Tables or for Strolling and Walkabout.
- ★ For Weddings, the ideal time to use Paul's services is after the ceremony and before the reception. In other words; during the often-long photo session. It keeps guests busy and fully entertained. And, Paul's Magic is an ideal "ice-breaker" to 'introduce' both sides of the family and friends etc., etc.
- ★ At Parties, Paul entertains the guests as they arrive. It's the perfect way to keep guests entertained as the hosts meet & greet. It doesn't matter where you hold the Party; Paul will simply entertain guests where they sit or stand.
