

The Paul Gordon Magic Lecture

For Your Magic Club, Society and/or Convention

The Paul Gordon Close-up Magic Lecture has travelled the world. In fact, Paul has lectured in America seven times since 1992 including **Tannen's Jubilee** and **Fechter's Finger Flicking Frolics** in New York and a prestigious online **Penguin** lecture. In The UK, he has lectured for over 90 different clubs since 1987 including four times at **The Magic Circle in London** and at Mark Leveridge's **Close-up Symposium**. Plus lectures in **France, Monaco (Stars of Magic), Ireland, Belgium, Denmark, Italy, Sweden, Spain & Germany.**

The lecture is about commercial and doable worker card magic. Magic from Paul's professional repertoire and best-selling books and DVDs. It's a fun light-hearted lecture for both cardmen and non cardmen.

It is rare to see a magician who can entertain an audience that much with just a deck of cards. Paul Gordon is one of them! His lectures & shows are as funny as the magic he performs is strong. And; all his tricks are all very powerful killer effects.

BORIS WILD

Your depth of experience and passion for the art came shining through. It's all smart and practical, and you present it all brilliantly.

Paul Gordon held some fifty people enthralled. His command is phenomenal. Such is his showmanship and personality power that he makes card magic entertaining and meaningful. He has them hanging onto his every word. He has all the attack of a Ken Brooke or a Rovi. Watch his DVDs to see how card magic should be performed.
